5. Owner of the NFT has an option to resell its ownership, once the ownership has been transferred to another party, the original owner of the NFT will not receive the monthly dividend as the benefit will automatically being transferred to the new owner of the NFT.
6. The percentage of the dividend pay-out is based on the Token's initial value (BUSD 10).
7. The dividend pay-out monthly will be credited via OVR Seed Bank. You will need to register an account with OVR Seed Bank (<https://seedbank.ovrpay.online/>). Kindly refer to the OVR Seed Bank guideline for detailed information. Otherwise, you may opt for the option for the dividend to be transferred to your Cryptocurrency Wallet.

However, if you opt for the dividend to be transferred to your Cryptocurrency Wallet, the dividend will only be transferred every 6 months – by BUSD (due to high network fees). But if you own more than 10 tokens, dividend pay-out will be transferred to your Cryptocurrency Wallet monthly (after deducting network fees).

For example, if you own 1 token and opt to be transferred to your Cryptocurrency Wallet, you will get the dividend for the **accumulated 6 months**:

$$\text{BUSD } 10 \times 1\% = \text{BUSD } 0.10$$

$$\text{BUSD } 0.10 \times 6 = \text{BUSD } 0.60$$

$$\text{Net Return} = \text{BUSD } 0.60 - \text{*network fee applied*}$$

If you own 10 tokens and opt to be transferred to your Cryptocurrency Wallet, you will get the dividend **monthly**:

$$\text{BUSD } 100 \times 1\% = \text{BUSD } 1$$

$$\text{Net Return} = \text{BUSD } 1 - \text{*network fee applied*}$$

However, if you opt for the dividend pay-out to be credited via OVR Seed Bank account, you will receive monthly dividend pay-out regardless of how many tokens you own.

This will be subjected to change without prior notice. Stay tuned to our webpage for any official announcement.

Any announcements made other than our Social Media Official Pages and Official Webpage are not under the responsibility of The Management. Please beware and invest carefully.
